1. On 15 January 1953 a letter was forwarded to Vienna as attachment to SOB 108 for delivery to subject. The letter asked for an appointment with subject in Salzburg. Because the address given was located in the Russian Sector of Vienna, the letter was mailed there through regular postal channels.

2. An answer was received 9 February, post marked in Vienna 4 February. The letter which was sent to a CIG letterbox furnished to subject, arrived with the flap open. There was no evidence of tampering with the envelope, which was apparently poorly sealed.

3. The letter, signed with the first name of subject only, stated that he is just finishing his studies and will be in a position to take a trip in a few weeks. He will give an advance notice prior to his departure. He also gave his new address: Vienna V. (British) Schenbrunnerstrasse 135/2.

4. ☐ who had already met subject, intends to interview him should he visit Salzburg as requested. The possible recruitment and eventual use of subject will depend on ☐'s assessment. In the meantime, we are not in a position to comply with Headquarters' request to furnish PRQ II's. (Note: Request contained in first reference.)
